SUBJECT:

Administrative Record File Index for Operable Unit 15

TO:

Mr. Timothy Hedahl, Director, Waste Operations, Kaiser-Hill

Steve Hahn
Certification
requested on
09-15!
Can we certify?
by 9/11
Tim

Thank you for the Administrative Record File Index for Operable Unit 15, which was transmitted to my staff for their review. We have reviewed the Index and found entries for the items we consider pertinent in demonstrating how the Department of Energy selected the final remedy. The items provide the basis for the Record of Decision.

This letter requests that Kaiser Hill certify that the Administration Record has been established and maintained as set forth in Subpart I of the National Contingency Plan, and provide such certification to this office by September 11, 1995 so that the DOE can be assured the Administrative Record is complete prior to signing the Corrective Action Decision/Record of Decision for Operable Unit 15.

Jessie Roberson
Assistant Manager
for Environmental Programs
